

Ashdod Port and Global Partners Present: **THE SEA OF TOMORROW TOKYO FORUM**

The Sea of Tomorrow is a global forum on maritime innovation in the cyber era. Powered by Ashdod Port and Cybertech Tokyo, it focuses on cybersecurity, automation, and digital resilience, bringing together experts to shape the future of smart ports and global trade.

Attendees will:

- Engage** with top maritime and cyber leaders
- Learn** about cutting-edge technologies and strategies
- Expand** networks across Japan, Asia, and beyond

Join us to navigate the future of maritime innovation—secure, smart, and strategic
